COMPABATIVE MORTALITY IN CHARLESTON,-A Columbia correspondent of the New York Tribune says: "The efficial mortuary reports of the City of Charleston gives us 1208 as the number of deaths during 1868. Of these 1208 there were 818 colored and 390 white. Now, as the population of the city (40,000) is about evenly divide 1-half white and half colored—it appears that the deaths are over four per is less than two per cent. More exactly, one colored person in every twenty-four dies yearly; while of the whites, only one in every fifty-one dies yearly. This ratio may be safely assumed as applicable all over

THE UNITED STATES COURT, APRIL 19-Hon. GEORGE S. BRYAN, PRESIDING —A number of applications for discharge in bankruptcy were referred to the Registrar; also, petitions to establish liens, Moses Broyden was finally discharged. Reuben S. Holmes petitioned for voluntary bankruptcy, and was referred to Registrar. The petition of G. H. Sass, Esq., to be allowed counsel fee, was referred to Registrar Carpenter for hearing.

In the Circuit Court the Judge called the issue docket for the purpose of sounding the same, and gave notice that a peremptory call would be had on Thursday, at 12 M. Frederick H. Gantt was admitted, on petition, to practice in the District and Circuit Courts. The jury was discharged until Thurs-

THE PROVINCIAL COUNCIL OF BALTIMORE .-This ecclesiastical body will convene on Sunday, the 25th of April. The distinguished Primate, the Most Reverend Martin John Spaiding, D. D., Archbishop of Baltimore, will preside. The province of Baltimore comprises the Arch-Diocese of Baltimore, which includes the State of Maryland and the District of Columbia. It comprises also, the Dioceses of Charleston, Philadelphia, Scranton, Harrisburg, Erie, Pittsburg, Richmond, Wheeling, Wilmington, Del.; Wilmington, N. C.; Savannah, and the Vicariate Apostolic of East Fiorida. This extensive province spreads over Maryland, the District of Columbia, Pennsylvania, Delaware, Virginia, North Caro lina, South Carolina, Georgia and the eastern part of Florida. The Right Rev. P. N. Lynch, D. D., Bishop of Charleston, will be among the suffragan prelates at the council. The Very Rev. Dr. Bermingham, Vicar General, will leave to-day for the council, as theologian to Bishop Lynch.

THE WEATHER IN FLORIDA.—The following are extracts from letters received by a commission nouse in this city. The first comes to us from Benton, Columbia County, Fla., under date of the 14th.

The recent cold weather has materially injured our young cotton. I had about one-half of my crop killed outright, and a good deal that I did not think was hurt has died since, and last night it was so cold that it will cause a great deal more to die. Seed is very scarce, so much so that some will not be able to plant again. Another correspondent, writing from Jacksonville

Fla., under date of the 17th, says: We had a frost this week, which, with the cold weather, has killed a good deal of the new crop, causing many to replant.

LANDS IN THE STATE.-A Columbia corres pondent of the New York Tribune says: "Lands vary in price, and the prices range from fifty cents to \$15; that is, common and good lands. A gentleman in Horry County offers 15,000 acres at prices making seventy-five cents the average. This is poor land, however. About Aiken, famed for its health. there are hundreds of acres, in lots of various sizes offered now for sale at \$2 an acre; far more at \$3; and from these figures the prices range hardly even as high as \$10 for good lands. In Oconee (Pickens) County the price of mountain lands is from \$3 to \$10 and I have seen four hundred bushels of potatoes, and a crop of beans besides, grown on one acre. The prices of lands, however, are thirty per cent. higher than they were a year ago, and are still looking up.'

An Interesting Question was argued in the United States Court yesterday, in the matter of A. T. Stewart & Co. vs. L. Drucker. It arose upon the return of A. T. Stewart & Co., to a rule to show cause why further proceedings should not be stayed until the question of discharge of the bankrupt was deternined. It was contended by Messrs. Pressley, Lord & Inglesby, counsel for Messrs. Stewart & Co., that inasmuch as a discharge might be no release of their debt, they had the right to go and prove such facts. Mr. Asher D. Cohen, counsel for Mr. L. Drucker argued that whether the discharge released the debt or not, their claim was provable, and all action thereon must be stayed until discharge was or was not granted. After that had been decided, whether their debt was discharged or not could come up when the case was regularly called.

The judgment of the court was reserved

REPORTERS' CRUMBS. - The Bennettsville Journal publishes the opinion of Judge Rutland, pronounced on the fift enth instant, declaring the nomestead law unconstitutional. Edward Moran, an escaped lunatic, was taken up

resterday and returned to proper custody. The Orphan House children will go on a picnic on the 29th, at Porcher's farm, on the line of the Northastern Railroad.

There was considerable talk yesterday about nomnations to the Federal offices in this city. Rumor has it that there are a number of candidates for the Surveyorship of Customs, made vacant by the withrawal of C. C. Neil.

There was a meeting of gentlemen at the Charleston Hotel last evening for the purpose of arranging for the readings of Mrs. O' Donovan Ross.

The dust in Rutledge avenue would be intelorable but that the street cars carry off a ton or two each trip and distribute it, free of charge, over the coats and resses of the passengers. The anniversary celebration of the German

Church Sabbath School will take place on the 21st Instant. The eighth soirce of the Bruderlicher Bund will ake place on the 21st instant.

LA GRANDE DUCHESSE. - Offenbach's famous Opera Bouffe was performed last night at the Hibernian Hall, by Whitman's company, and went off very well. Mr. Pike as Frits played and sang with spirit, and Mrs. Taylor as Prince Paul made the best of a part which depends altogether for its success on the peculiar humor of the actor. Mr. Taylor as Boum was as grand a roysterer as ever. He is a fine burlesque actor. Miss Kimball as La Grande Duchesse sang and acted charmingly and without any suggestion of the coarseness of which Toste appeared to be so fond. Dites Lui was sung by Miss Kimball with expression and taste, also the piquant c'etait un de mes aieux. The sword song Voici le sabre was very successful, and Prince Paul's song Le Folici et que l'on att de moi, a bit of quaint and pleas-ing melody, was given with good effect. The acting was bright and quick throughout, and, the opera, as it is now played, is free from a'l objection. Miss Kimball confirmed the good opinion which had been formed of her on the previous evening, and is evidently a singer and actress of great merit. La Petite Corinne was loudly applauded.

This evening we are to have Cinderella, which attracted immease houses, composed of the elite and fashion, in New York and Boston. This is considered one of the best dramatic representations (as per formed by the Whitman troupe) ever given in this city. The house should be crowded.

Dr. Prophitt—Baving used this medicine sufficiently long to test its virtue, and to satisfy my own mind that it is an invaluable remedy for Byspepsia—a disease from which the writer has suffered much for six years—and being persuaded that hundreds who now suffer from this annoying complaint would be signally benefitted, as he has been, by its use, we deem it a duty we owe to this unfortunate class to recommend to them the use of this remedy, which has given not only himself but several members of his family the greatest relief.

DAC AYER'S SARSAPARILLA,

Sold in CHARLESTON, S. C. by

THE REPUTATION this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrotulous of the country, that the public scarcely need to be informed of its virtues or use.

Scrofulous poison is one of the most de tructive enemies of our race. Often this unseen a d unfeit tenant of the organism undermines the con titution, and invites the attack or enfeebling or fatal diseases, without exciting a suspiction of its presence. Again, it seems to breed infection through the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, inbercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skim, or foul ulcerations on sone part of the body. Hence the occasional use thottle of hims SARSAPARILLA: St. Anthony's Fite, Rose or Erysipelas, Tetter, Ealt Rheum, Scald Head Ring Worm, sore Eyes, Sore Ears, and other o uptions or visible forms of Scrofulous disease. Pite, Rose or Erysipelas, Tetter, Ealt Rheum, Scald Head Ring Worm, sore Eyes, Sore Ears, and other o uptions or visible forms of Scrofulous disease. Pite, rous ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for sub-

rious ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for sutduring these obstinate maladies by any medicane. But long continued use of this medicine will cure the complaint. Leucorrhosa or Whites, Uterire Uterations and Female diseases, are commonly con relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case round in our Almanse, supplied gratis. Ruon matism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Influmnation of the Liver and Jaundice, when arising, as they often do from the rankling poisons in the blood. This Saasparalitals is great restorer for the strength and vigor of the system. Those who are Lauguid and Listiers, Despondent, Sleepless and troubled with Nerrous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon tail.

This Medicine, with its associates, is a safe and certain remedy for all curable diseases to which Females alone are liable. It is also an excellent preventative of Mervous Blindness, or Nervous Diseases in either male or female. It is a powerful Mervine Tonic, esting up a full and free circulation throughout the system.
